Last week our Year 6 students went to the Melbourne Convention Centre to attend the GRIP Leadership Conference for School Leaders. This is an annual event and the second year our Year 6 students have attended. At Glenroy Central we believe it is important for all of our Year 6s to see themselves as leaders in our school and it is important that we help to build their leadership skills by providing opportunities for students to learn about and experience leadership.

The GRIP Student Leadership Conference is unique in that it concentrates specifically on training student leaders for their role as SCHOOL LEADERS. The style, topics, and content of this conference all focus on what the students can do RIGHT NOW.

The goal of the conference is that the student leaders would leave the conference with a clear vision, a solid understanding and dozens of ideas for their time as a leader.

Yesterday the Junior Learning Community had a visit from Anne Hughes RACV Street Scene. This program is a road safety program for Victorian primary school students from Prep through to Grade Six. It is always important for us to ensure that children are safe around the road and one way to reinforce road safety messages is through these sorts of programs. Each group of students from the JLC had a 45 minute session. These sessions are free which is great and focuses on pedestrian and bicycle safety.
