

Thursday 26th August

Another week in lockdown! I hope everyone is doing okay out there. Let us know if we can help.

Thanks to those who joined us at last week's Zoom Assembly. I know some people had trouble joining us because there was so many people trying to get on! We have fixed the problem by increasing our participation capacity so please try again this week. We would love to see you!

Hang in there!

Here is the link for assembly on Friday at 2.00pm.

<https://us02web.zoom.us/j/82014776938?pwd=NW5BU1dKZTVjbkhJczRud0Y3ZHpvZz09>

Meeting ID: 820 1477 6938

Passcode: GCPS2021

As we move closer to the end of this term, we have to start planning for staffing for next year, so if you are **not** returning to Glenroy Central PS, please let us know as soon as possible or if you have a student for Foundation, and you live in our school zone, who will be joining us. You can check the school zone by using the website: <https://www.findmyschool.vic.gov.au/>

We understand that sometimes people are unsure of their plans, but if you could indicate you are unsure, then we will take that into account as we begin our planning and organisation.

Please remember to stay at home, don't visit other homes or have visitors to your home, and get tested if you have any symptoms! We are counting on everyone to play their part! We can do this!

Have a great weekend

Remember - Every Day Counts!

Stay home and stay safe

Jo Money

Principal

This week from the remote Learning Communities:

Onsite students

Our JLC students planted some seeds on Monday to watch them grow!

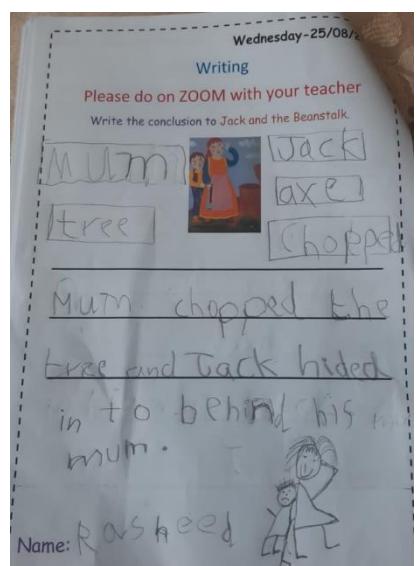

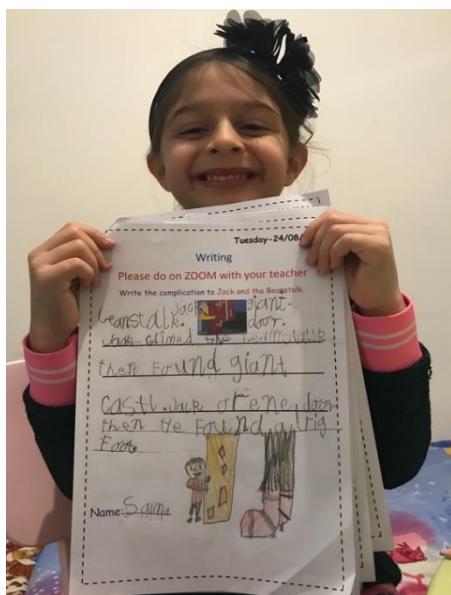

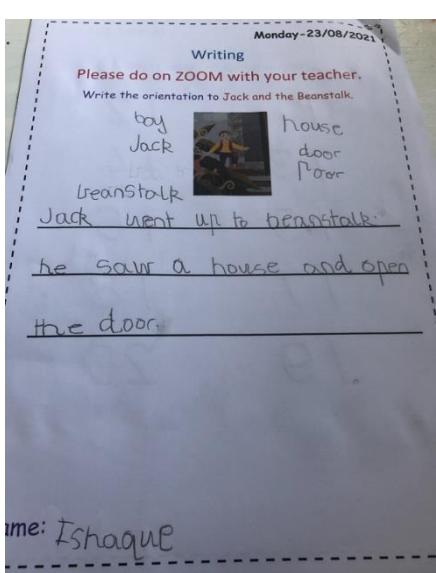

Students at school created their own paints using pigments from food. We experimented with food colouring, coffee and beetroot and mixed new colours to create artworks. We also used straws to make marks with the water and pigment on paper. We make our own unique masterpieces.

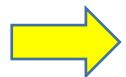

Foundation Learning Community:

The Foundation students have been working hard during their zoom sessions and continue to develop their narrative writing skills. This week they wrote the orientation, complication and resolution to the story *Jack and the Beanstalk*.

1/2 Learning Community:

Here is Brooklyn doing different yoga positions as part of the well-being activities.

Piccollab

Visual Arts:

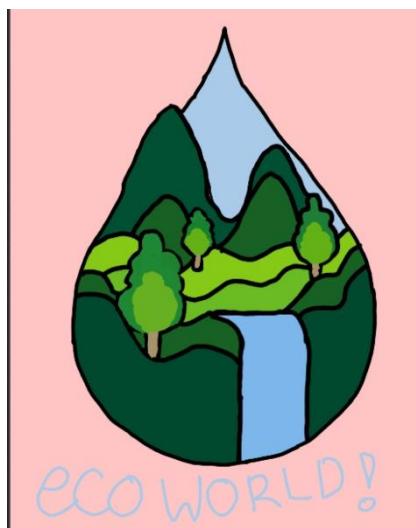

Inspired by Book Weeks theme of 'Old Worlds, New Worlds and Other Worlds', the SLC have been busy creating their own worlds.

Lujane – created Eco World using Pro Create.

Aydin Yunus – created a healthy world where humans and dinosaurs live together.

Skylah Rose – made a diorama of the beach, where she enjoys going every summer to collect shells and make sandcastles.

Heart – has made a Fairy Realm

Piccollab

Artists in 1/2 have been creating cakes that are inspired by the shortlisted Picture Book of the Year "Your Birthday Was The Best" written by Maggie Hutchings and illustrated by Felicitas Sala.

Gurleen and Sara did a great job!

3/4 Learning Community

HOW TO MAKE A FRUITY ICY POLE

The 3/4 Learning Community have started to investigate procedural texts. They had to come up with their own fruit icy pole recipe and then wrote a procedure on how to make it.

Skylah

Ali Mustafa

Hashem

Bilal. A

Su'ad

Mahdiya

Salma

Ishanth

Malaz

Raima

The 3/4 students submitted a first draft of their procedure for their teachers to mark. Once their feedback was sent off, they had to improve their procedures by applying their teacher feedback.

Making Oreo Milkshakes

Materials:
 - Large Milk
 - Large Oreo
 - 2 Large Vanilla Ice Cream
 - 1/2 Cup
 - Stick Blender
 - Large Whipped Cream
 - 1/2 Teaspoon
 - 1/2 Teaspoon

Instructions:
 First, put 1/2 cup of Oreo and vanilla ice cream in the jug.
 Then, put half cup of milk and pour into the jug.
 Next, put half cup of whipped cream in the jug.
 Finally blend it all together with a stick blender then pour it in a glass. Put some whipped cream on top and add Oreo in a zip lock bag and smash them until they're flat, put it on top of the whipped cream then enjoy.

Ibrahim

How to make ICYPOLE

Materials

- ice cream
- icing sugar
- flavoured syrups
- ice lolly sticks
- ice lolly moulds
- water
- fruits

Method

1. Take the ice cream and put them in a large bowl or dish and add icing sugar to it. Mix well.

2. Add some fruits like banana, orange, etc. to the mixture.

3. After mixing well, put the mixture in the freezer for 2-3 hours.

4. After 2-3 hours, the mixture will be frozen in the moulds nicely. Now take out the moulds from the freezer.

5. Enjoy your delicious icy pole.

Sanaasri

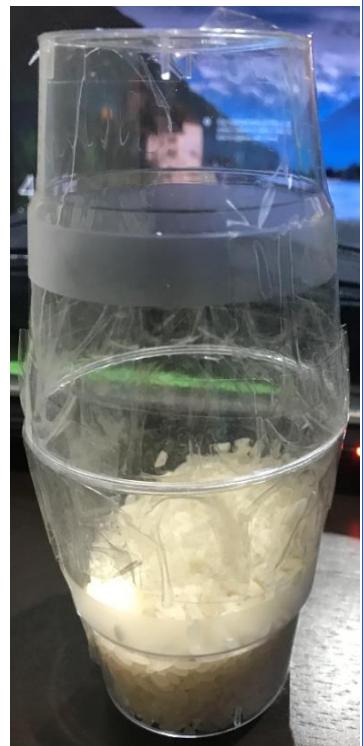

Writing a procedure	
Making fruit icy poles	
Ingredients:	Materials:
watermelon, 1/2	knife
grapes, 1 branch	shopping board
orange, 1 whole	blender
lime, 1 whole	ice cube tray
<i>(or any fruit of your choice)</i>	
Method:	
Peel and cut the big fruits and leave the small ones as they are.	
Blend or juice the fruits individually. You can add some water to run the blender smoothly when blending less juicy fruits. Keep each blended fruit in separate cups or bowls.	
Choose the fruit you want to have at the top of your icy pole and fill 1/2 of the ice pole mould. Stick in the icy pole stick and place the mould in the freezer.	
Once it is frozen, fill 2/3 of the mould with your choice of remaining fruit blend. Press the mould base to the frozen base.	
Repeat the process until the remaining of the fruits and the mould are fully filled. Freeze and enjoy your delicious coloured icy poles.	

Mohamed

Performing Arts:

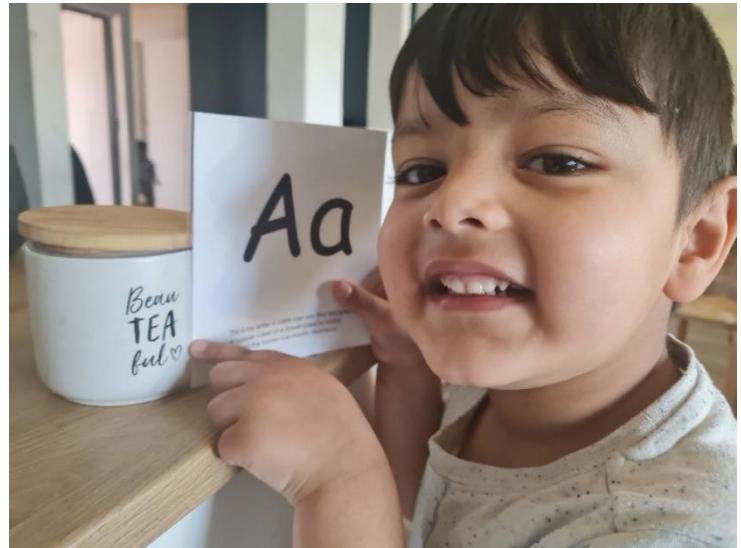

This week, students created their own instruments using household items. From shakers to harmonicas to drums and even guitar. There was no limit to the imagination of our students.

KINDER NEWS

At kinder a lot of families have chosen to stay home, and now further restrictions are only allowing children of essential workers or vulnerable children. Therefore, the kinder has moved to online/remote learning.

We are really appreciating the amount of effort families are making at home to use the resources we have given them to take home. This week is book week, so we will be connecting with children via zoom to hold some story times and some of the children will be dressing up at home. Stay safe everyone!

Have you or your family been significantly impacted by COVID-19?

The Family Recovery Program can support you and your family with:

finding work

education and training opportunities

mental health and health recovery

If you are a member of Victoria's culturally and linguistically diverse community and were significantly impacted by COVID-19, you might be eligible for support.

For more information call:

(03) 9448 6845

If you require an interpreter phone 131 450 and ask them to call us on 9448 6845.

Support available between Monday – Friday, 9am - 5pm

Email: frp@cohealth.org.au

Free interpreter service available or call 131 450

EXCURSION

20th SEPT - MON

TEAM EXTREME

+ ORIGAMI STARS

The starting line is ready for us at TeamKids. On your mark, get set, GO! We'll have stacks of fun with Team Extreme as we play a range of team games & take on wild challenges over one jam-packed hour.

21st SEPT - TUE

RUN A MUCK INDOOR FUN

+ ALPHABET IN MOTION

The excitement has only just begun because TeamKids is off to Run a Muck Indoor Fun! We'll crawl through the endless tunnels, glide down the slides & clown around in the ball fountain. *Socks required.

22nd SEPT - WED

MINI BEASTS

Do stick insects have wings? How long do scorpions live? We'll find out the answers & more when we're visited by a range of native invertebrates. Join us as we explore life on an ant-sized scale in Mini Beasts!

23rd SEPT - THU

FINALS FEVER

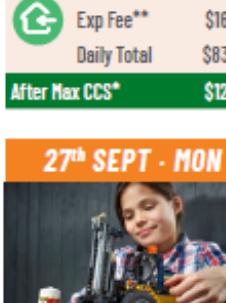

+ SHOOT SOME HOOPS

With Finals Fever in the air, we're celebrating all things SPORTS! So, come dressed in your favourite guernsey or team colours as we jump into a day of sporting madness with games galore & more!

24th SEPT - FRI

PUBLIC HOLIDAY

27th SEPT - MON

ROBO BLOCKS

+ SURVIVOR TAG

28th SEPT - TUE

LIFE'S A PUZZLE

+ MAZE RUNNER

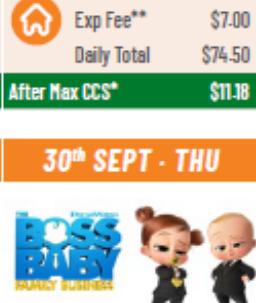

29th SEPT - WED

THE MYSTERY OF MAGNETS

+ D'JUNO GAME

30th SEPT - THU

MOVIE - THE BOSS BABY: FAMILY BUSINESS

+ SKELETON HANDS

1st OCT - FRI

SWING INTO SPRING

+ GLASSHOUSE

What's a robot's favourite type of music? Heavy metal! We're stretching our imaginations as we construct & play with mechanical LEGO robot figures. We'll use smart bricks, motors & sensors to get the job done.

What goes up & down, but never moves? Stairs! Today, we'll work together to solve brain teasers & riddles in Life's a Puzzle. We'll make Binary Code Bracelets, create Popsicle Puzzle Craft & decode Spy Cypher Kits.

You'll want to stick with TeamKids for The Mystery of Magnets! We're exploring the magnificent magnetic field through a series of games & challenges. Will you be able to make something levitate like magic?

TeamKids is getting the show on the road & we're bringing the popcorn too! We're off to the movies to see The Boss Baby: Family Business. What will Ted get up to this time? *Allergy alert - packet popcorn provided.

The weather is getting warmer & we're ready to Swing into Spring! So, plant yourself at TeamKids for some unbelieveable fun. We'll play the Duck Waddle & Fresher team games. Then, we'll make 3D Paper Flowers.
