

This week we had a visit from a photographer from the Herald Sun to take some photos for their NAPLAN article in yesterday's paper. **NAPLAN** results are not released to schools until next week but the overall results by states has been released. As part of the Education State Initiative, it was pleasing to see that Victorian primary school students have ranked first in the Nation in Reading, Writing and Numeracy. NAPLAN is, of course, only one of the many ways we assess student progress, but it always gives each school some information on where we are doing well and where we can improve. A big thank you to our 'models' who spent an hour with the photographer to get the perfect photo! I think they did a wonderful job of balancing on the play equipment while reading books!

At the moment we are looking forward to warmer weather and of course getting back into **summer uniforms**. Although this is a way off yet, judging by the weather, we ask that you find time to check that uniforms still fit. If the uniform doesn't fit and it is still in good condition, you can wash it, bring it in to the office and we will sell it through the second hand uniform sale. Money gained from the sale of your items will be returned to you. Shirts are no longer accepted for sale but can be donated for spare clothing. A reminder that second hand uniforms sales are on every Tuesday at 9.15 to 10.00am and every Friday at 2.00 to 3.00pm. Any enquiries see the lovely staff in the school office. Don't forget **hats** will be needed for Term 4!

Today we also had our **Fathers' Day stall** where everyone got a chance to come along and buy a present for their Dad, Grandpa or special man in their life to say thank you for all they do. I know the students always enjoy doing some shopping for someone special and this year was no exception with most items being sold. Thank you to Kerry from our office who organised this and a special thank you to **Aicha Saad** (mum of Fatima and Yasmin), Nicole and Annette who also helped out. Tomorrow there will be the remaining items for sale.

A big thank you to **Sam Hannan**, one of our dads (Elsa from Foundation) who came along today to share his expertise in drones with the 5/6 students as part of our 'I am a Physicist' investigation this term. It is always great when we can utilise the many different skills of our parent and school community. We really appreciate him giving up his time to support the learning of our students.

Don't forget our **Design Expo** coming up in the last week of term. This will give students the opportunity to show their families some of the wonderful inventions and the great learning that has happened over the term. **We look forward to seeing you all there.**

Remember - Every Day Counts!

Have a good weekend

Jo Money
