Statement of Commitment to Child Safety

Glenroy Central Primary School is a child safe organisation which welcomes all children, young people and their families. We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students. We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds (CALD), international students, students with disabilities, those unable to live at home, children and young people who identify as LGBTIQ+ and other students experiencing risk or vulnerability. Inappropriate or harmful behaviour targeting students based on these or other characteristics, such as racism or homophobia, are not tolerated at our school, and any instances identified will be addressed with appropriate consequences.

Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety. We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff, and volunteers to inform our ongoing strategies.

At Glenroy Central PS our values guide the decisions and behaviours of all members of our school community, including in relation to child safety:

- Caring - for ourselves and others – Caring for, understanding, accepting and appreciating ourselves and others.
- Curiosity – build confidence in students to asks questions, manage new situations and solve problems
- Collaboration – share ideas, listen and talk to each other, allow everyone to be involved
- Citizenship– being honest, sincere and trustworthy
- Character– Bouncing back from difficulties and disappointments. Accepting challenges, trying hard and not giving up easily.

Roles and Responsibilities

Our school leadership team is responsible for ensuring that a strong child safe culture is created and maintained, and that policies and practices are effectively developed and implemented in accordance with Ministerial Order 1359.

- facilitate regular professional learning for staff and volunteers (where appropriate) to build deeper understandings of child safety, cultural safety, student wellbeing and prevention of responding to abuse.
- create an environment where child safety complaints and concerns are readily raised, and no one is discouraged from reporting an allegation of child abuse to relevant authorities.

School staff and volunteers

All staff and volunteers will:

In performing the functions and powers given to them under the *Education and Training Reform Act 2006*, school council members will:

- champion and promote a child safe culture with the broader school community.
- ensure that child safety is a regular agenda item at school council meetings.
- undertake annual training on child safety.
- approve updates to, and act in accordance with the Child Safety Code of Conduct to the extent that it applies to school council employees and members.

At our school, school council employment duties are delegated to the principal who is bound by this policy.

Specific staff child safety responsibilities

Glenroy Central Primary School has nominated our Primary Welfare Officer as our Child Safety Champion to support the leadership team to implement our child safety policies and practices, including staff and volunteer training.

The responsibilities of the Child Safety Champion are outlined at [Guidance for child safety champions](#).

Our Principal and Child Safety Champion are the first point of contact for child safety concerns or queries and for coordinating responses to child safety incidents.

- The Assistant Principal is responsible for monitoring the school's compliance with the Child Safety Policy. Anyone in our school community should approach the Assistant Principal if they have any concerns about the school's compliance with the Child Safety Policy.
- The Assistant Principal is responsible for informing the school community about this policy and making it publicly available.
- Other specific roles and responsibilities are named in other child safety policies and procedures, including the Child Safety Code of Conduct, Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures, and Child Safety Risk Register.

Our school has a Wellbeing Team who meet regularly to identify and respond to any ongoing matters related to child safety and wellbeing and monitor the Child Safety Risk Register. Utilising the Student Voice Ambassadors, provides an opportunity for students to provide input into school strategies.

Child Safety Code of Conduct

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

The Child Safety Code of Conduct also includes processes to report inappropriate behaviour.

Managing risks to child safety and wellbeing

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use.

Our child safety risk register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will monitor and evaluate the effectiveness of the actions in the child safety risk register at least annually.

Establishing a culturally safe environment

At Glenroy Central Primary School, we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities. Our Student Wellbeing and Engagement Policy outlines the measures we have in place to maintain an inclusive and culturally safe school for Aboriginal children and students.

Student empowerment

To support child safety and wellbeing at Glenroy Central Primary School, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students and between students and teachers are reinforced. We encourage strong friendships and peer support in the school to ensure a sense of belonging through a tiered system of wellbeing practices and supports including:

- a strong focus on our school values,
- targeted Personal Development sessions,
- the Personal and Social Capabilities curriculum,
- Zones of Regulation,
- House Spirit activities,
- lunchtime clubs,
- social skills groups, and
- close monitoring of attendance.

We inform students of their rights through our whole school approach to Investigations (Health, Civics and Citizenship), Personal Development and STEM (Cyber Safety). We give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns to the Leadership Team or Primary Welfare Officer. When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

Family engagement

Our families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement at Glenroy Central Primary School, we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.

We create opportunities for families to have input into the development and review of our child safety policies and practices and encourage them to raise any concerns and ideas for improvement.

We do this by:

- publishing our child safety policies and procedures on our [website](#) or providing hard copies on request at reception
- Newsletters and XUNO inform families and the school community about any significant updates to our child safety policies or processes, and strategies or initiatives that we are taking to ensure student safety.
- PROTECT Child Safety posters are displayed across the school
- Parent information sessions when appropriate

Diversity and equity

As a child safe organisation, we celebrate the rich diversity of our students, families and community and promote respectful environments that are free from discrimination. Our focus is on wellbeing and growth for all.

We recognise that every child has unique skills, strengths and experiences to draw on.

We pay particular attention to individuals and groups of children and young people in our community with additional and specific needs. This includes tailoring our child safety strategies and supports to the needs of:

- Aboriginal children and young people,
- children from culturally and linguistically diverse backgrounds (CALD),
- children and young people with disabilities,
- children unable to live at home or impacted by family violence,
- international students, and
- children and young people who identify as LGBTIQ+.

Our [Student Wellbeing and Engagement Policy](#) provides more information about the measures we have in place to support diversity and equity.

Suitable staff and volunteers

At Glenroy Central Primary School, we apply robust child safe recruitment, induction, training, and supervision practices to ensure that all staff, contractors, and volunteers are suitable to work with children. All volunteers are required to comply with our [Volunteers Policy](#) which describes how we assess the suitability of prospective volunteers and outlines expectations in relation to child safety and wellbeing induction and training, and supervision and management.

Staff recruitment

When recruiting staff, we follow the Department of Education's recruitment policies and guidelines, available on the Policy and Advisory Library (PAL) at:

- [Recruitment in Schools](#)
- [Suitability for Employment Checks](#)
- [School Council Employment](#)
- [Contractor OHS Management.](#)

When engaging staff to perform child-related work, we:

- sight, verify and record the person's Working with Children clearance or equivalent background check such as a Victorian teaching registration
- collect and record:
 - proof of the person's identity and any professional or other qualifications
 - the person's history of working with children
 - references that address suitability for the job and working with children.

Staff induction

All newly appointed staff participate in our induction program. The induction includes a focus on:

- the Child Safety Policy (this document)

- any other child safety and wellbeing information that school leadership considers appropriate to the nature of the role.

Ongoing supervision and management of staff

All staff engaged in child-connected work will be supervised appropriately to ensure that their behaviour towards children is safe and appropriate.

Staff will be monitored and assessed to ensure their continuing suitability for child-connected work. This will be done through regular reviewing of processes and practices including performance reviews.

Inappropriate behaviour towards children and young people will be managed swiftly and in accordance with our school and department policies and our legal obligations.

Child safety knowledge, skills and awareness

Ongoing training and education are essential to ensuring that staff understand their roles and responsibilities and develop their capacity to effectively address child safety and wellbeing matters.

In addition to the child safety and wellbeing induction, our staff will participate in a range of training and professional learning to equip them with the skills and knowledge necessary to maintain a child safe environment.

Staff child safety and wellbeing training will be delivered at least annually and will include guidance on:

- our school's child safety and wellbeing policies, procedures, codes, and practices

- information sharing and recordkeeping obligations
- how to identify and mitigate child safety and wellbeing risks in the school environment.

Other professional learning and training on child safety and wellbeing, for example, training for our volunteers, will be tailored to specific roles and responsibilities and any identified or emerging needs or issues.

School council training and education

To ensure our school council is equipped with the knowledge required to make decisions in the best interests of student safety and wellbeing, and to identify and mitigate child safety and wellbeing risks in our school environment, the council is trained at least annually. Training includes guidance on:

- individual and collective obligations and responsibilities for implementing the Child Safe Standards and managing the risk of child abuse
- child safety and wellbeing risks in our school environment
- our school's child safety and wellbeing policies, procedures, codes and practices

Complaints and reporting processes

Glenroy Central Primary School fosters a culture that encourages staff, volunteers, students, parents, and the school community to raise concerns and complaints. This makes it more difficult for breaches of the code of conduct, misconduct or abuse to occur and remain hidden.

We have clear pathways for raising complaints and concerns and responding and this is documented in our school's [Complaints Policy](#) available on our website.

If there is an incident, disclosure, allegation or suspicion of child abuse, all staff and volunteers (including school council employees) must follow our Child Safety Responding and Reporting Obligations Policy and Procedures. Our policy and procedures address complaints and concerns of child abuse made by or in relation to a child or student, school staff, volunteers, contractors, service providers, visitors or any other person while connected to the school.

As soon as any immediate health and safety concerns are addressed, and relevant school staff have been informed, we will ensure our school follows:

- the [Four Critical Actions](#) for complaints and concerns relating to adult behaviour towards a child
- the [Four Critical Actions: Student Sexual Offending](#) for complaints and concerns relating to student sexual offending

Our [Student Wellbeing and Engagement Policy](#) and [Bullying Prevention Policy](#) cover complaints and concerns relating to student physical violence or other harmful behaviours.

Communications

Glenroy Central Primary School is committed to communicating our child safety strategies to the school community through:
