

Last week, the 5/6 students went to PGL camp in Kyneton and got to participate in lots of fun and exciting activities. On the first day, the students did canoeing and the low ropes course.

At the low ropes course, they learned some very important safety moves to make sure that everyone was safe on the obstacles.

On the second day, the students had fun participating in rock climbing and raft building. During the raft building activity, they learned to tie some special knots that would hold their rafts together tightly. They then tested the rafts and a lot of people got wet! In the afternoon, the students went on the flying fox and made an outdoor shelter using nature during a bush craft activity.

They learned about how to make an SOS symbol to try and get help. On the final day, the campers completed an orienteering activity where they used their navigation skills to find checkpoints around the campsite. The students then faced their fears on the leap of faith. Everyone had a great time at camp and all went home VERY tired!

Yesterday we had a successful **photo day** with everybody looking their best. I'm sure everyone gave their best smile! The photos will take a while to come back. I will let you know when they are being sent home so you can make sure you rescue them from your child's bag. **If you would still like to order photos, it's not too late! Put in your order online by tomorrow.**

Today after school we have our first **Fathering Project Event - Paper Planes and Pizza**. The Fathering Project aims to provide opportunities for dads or father figures to engage with their children in some fun activities along with other dads and their children. A big thank you to Lisa C for organising it. We have a number of events lined up for the year so keep an eye out for them. If you want to attend these events please make sure you reply by the cut off date via XUNO so that you don't miss out! We would love for as many as possible to come but to organise these events we need to establish numbers first. We are unable to accept anyone after the deadline.

PANCAKES  
DAY

## Pancake Day:

The children have been having fun making pancakes with both kinetic sand and regular sand in the sandpit. Many of them have shared that they love pancakes and enjoy them at home with toppings like chocolate spread, ice cream, and maple syrup. Based on their interest, we decided to make pancakes at kindergarten today.

## Tuesday Games:

Our 3s and 4s participated in outdoor games, fostering cooperation and teamwork as they engaged together. Our plan to make these games a weekly activity will enhance social interaction between both age groups and promote physical activity.
