# Newsletter 19 – 2025

**Thursday 19<sup>th</sup> June**

We had a great afternoon last Thursday for our first event in the Fathering Project. It was wonderful to see all the dads, grandpas and male role

models joining in for our Paper Planes and Pizza afternoon.

The Fathering Project is an evidence-based organisation that aims to promote positive fathering behaviours and fathers' engagement with their infants, preschool, primary school and adolescent-aged children. Through providing them opportunities to focus on a project together with their children we hope we can help to support positive relationships and contribute to building the well-being of our students.

Everyone who came along worked with their children to design and build paper planes and then put them to the test by flying them.

Prizes were given out for those who flew the furthest and for those that stayed in the air the longest!

Pizza helped along the way to keep up the energy!

Thanks to Lisa C for organising the event and for all the dads and children who came along. Stay tuned for the next event!

A big congratulations to our Student Voice Ambassadors who organised a very successful Jeans for Genes Day last Friday. We raised \$471.55 for research into genetic diseases – thank you to everyone for the gold coin donations – and a few silver ones thrown in too!

Everyone looked great in their denim. There were overalls as well as jeans and plenty of double denim too!

Thanks for joining in and supporting this very worthy cause.

*Have a great weekend.
