

Week 2 back on site has continued to run smoothly. We even survived **Monday's downpour of rain** at pick up time!

Thank you for continuing to help to make the **drop off and pick up** run so smoothly. Everyone has been very patient and considerate, remembering to stay in cars and not crowd around the gate. Please remember that gates will only be open at certain times so you can help us by arriving within the given times and ensuring the well-being of both staff and the students.

Next week we will have the **Years 3 to 6** students return so that will add to the end of day madness! I have included the updated guidelines for you all. Hopefully it will go as smoothly as the last two weeks have gone.

Please read the following guidelines carefully to ensure you understand what is expected of you and your children to ensure a smooth transition back for the Years 3 to 6.

- **No parent** will be allowed on the school site at either pick up or drop off time.
- All those arriving in the morning in cars will need to pull into the **drop off zone** and let their children out – no parent is to get out of their car.
- The gates will be opened at the beginning of each day at 8.30am and relocked at 9.10am so please make sure you arrive on time.
- Students walking to school will need to enter at the **front main gate only** – no school students will be allowed through the kindergarten gate and the back gate will remain locked in the morning.
- Entry into Logan St will be from the **Melbourne Ave end** to avoid traffic congestion. There will be **no right hand turn** either into or out of the drop-off zone.
- There will be **staggered pick up times** to minimise congestion at the end of the day so please don't arrive before the designated time.

**At the drop off zone - Foundation only parents will be first at 3.00pm, then those who have both Foundation and 1/2s at 3.10pm and lastly 1/2 only at 3.15pm**

**At the back gate – Years 3/4 only at 3.10pm, those with both 3/4 and 5/6 at 3.15pm and 5/6 at 3.20pm. Please ensure you park on the school side of Melbourne Ave as students will not be able to cross the road on Melbourne Avenue.**

**If you need to go to both gates, please continue around the block for your next pick up.**

- All drinking taps will be unavailable for use so all students must have their own **clearly named water bottle**.
- **Hand sanitiser** will be available in the Learning Communities and used as required and hand washing will be encouraged and organised throughout the day.
- If your child is **ill or is feeling unwell**, they must not attend school. They must remain home and seek medical advice.
- Please take time to talk to your child about the continued **importance of hygiene** and the need for **no hugging or high fives** with other students or staff. As stated previously, social distancing between students is not required.
- If any parent needs to **speak to the office** you will need to ring the school. If necessary an appointment will be made for onsite attendance
- If any parent needs to speak to a teacher you will need to continue to contact them through Xuno. The teachers will reply through Xuno or ring you as soon as possible.
- The **Canteen** will be closed until further notice. This includes **Breakfast Club**.

We have really enjoyed having our staff and F to 2 students back on site over the past two weeks. I have included some photos of them all enjoying being back at school!

*Remember - Every Day Counts!  
Have a great long weekend*

**Jo Money  
Principal**

**Remember Monday 8<sup>th</sup> June is a Public Holiday  
for the Queen's Birthday.  
School is closed.**

**Photos from this week's Onsite Learning F to 2**

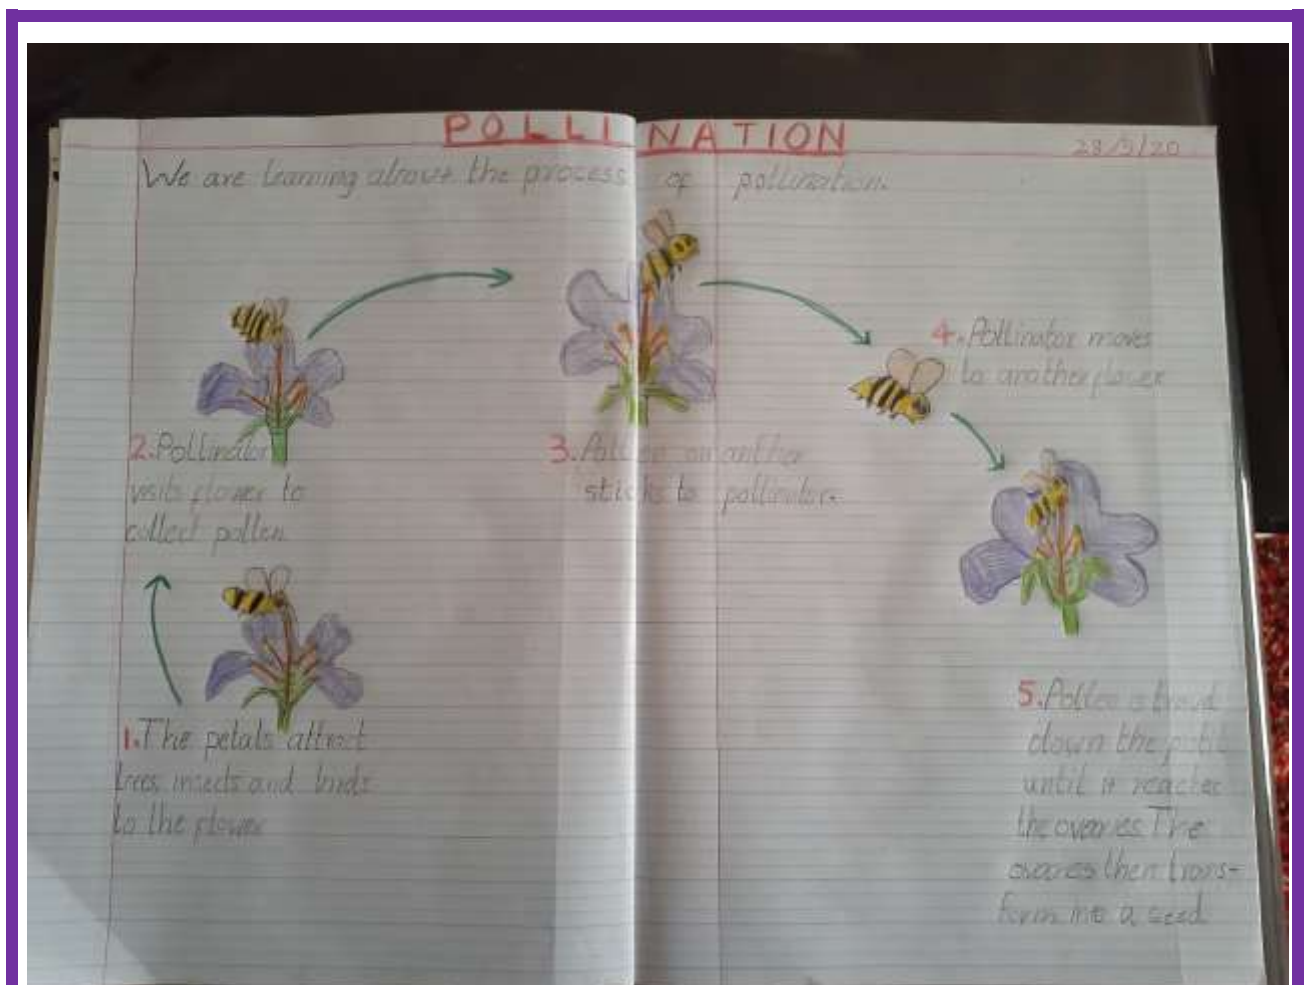

**Winter Uniforms:** Just a reminder that when your child does return to school it will be time for Winter Uniforms. Make sure you check yours still fits! If you require uniforms you will need to go through Academy Uniforms. If you know sizes you will be able to order online and get them delivered to your home. At this time we are unable to provide uniforms through the school. Please find the link below:
