

Last Thursday, the 1/2 Students visited the National Gallery of Victoria and the Ian Potter Centre as part of their Investigations for this term 'I am a Chemist – How Can We Use Chemistry to Create Art?'

They explored artwork in the First Nations and Australian art Collection, with a focus on the work of Kaylene Whiskey. The students in the studio, were inspired by Whiskey's vibrant and distinctive art practice.

The students created a collage celebrating their heroes and important objects and symbols in their lives. The program offered a unique opportunity for personal expression, fostering a connection between the students' own experiences and the Kaylene Whiskey.

The students also enjoyed the walk through the city to see the sights!

ATHLETICS REPORT

Sport: District Athletics

Date: Tuesday 2nd of September 2025

Earlier this week, students from the 3/4 and 5/6 Learning Communities competed in the annual Glenroy District Athletics Competition. Students travelled by bus to the Meadowglen International Athletics Stadium in Epping, ready for a big day full of sport and competition. We had 34 students attend, competing in a range of athletic events. The day started with the 800m races before the field events began. Relays and sprints were sprinkled throughout the event, with the challenging 1500m event closing out the day.

Some students competed in as many as 3 events, requiring a lot of stamina and determination. We had some amazing results, with lots of students finishing first, second and third. All students represented the school well and displayed the school values. Everyone should be proud of the way they performed.
